SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The School Improvement Council (SIC) of West Ashley Middle School (WAMS) is happy to share the 2008-2009 School Report Card with members of our community. During the current school year we continued a number of initiatives focused on increasing student achievement. One program that we continued was Curriculum Assistance Time (CAT), which assisted students to ensure success in all academic areas. We also offered computer-assisted skill instruction to targeted students based on performance appraisals in Reading and Math. Our Gifted and Talented students received extra services during our Flex period. We also continued Inclusion for all students in Science and Social Studies and Single-Gender classes in Pre-Algebra.

In addition to the existing initiatives, we began focusing on academic rigor for all students. Our 7th and 8th grade ELA and Math teachers were trained and implemented SpringBoard into their classrooms. In an effort to challenge our students we added more high school credit courses for a total of six. (Algebra I, English I, Spanish 1, Geometry, Keyboarding, BCA) Finally, we implemented small group instruction for targeted students. All students were placed into Flex groups based on PACT and MAP scores. These groups met three times a week for 35 minutes.

WAMS continued to implement PBIS, a positive behavior system that rewards students and staff for being: Responsible, Respectful, Prepared, and Courteous. We were honored with a Banner Award for our implementation of PBIS within the school. We continued to motivate and encourage students to attend school daily and have continued to sustain our attendance rate during the 2008-2009 school year. Finally, we continued offering clubs bi-weekly during the day. We added incentive time twice a month: once for students with no discipline referrals and once for students with all work completed.

Literacy will be our primary goal for the 2009-2010 school year. We will have focused professional development on incorporating Literacy into all courses. We completed our Literacy Plan this year and will implement it fully during the coming year. This will include the continuation of Summer Reading, Reading Logs, and school-wide novels and developing a Community of Readers in our building. Increasing technology usage by classroom teachers and students for instructional delivery and differentiated instruction continues to be our secondary goal. During the 2008-2009 school year, each classroom was equipped with 3-5 computers. All core content classrooms were provided a Smart Board or Air Liner and a LCD projector. Courses were added to our related arts classes to support the use of technology: PhotoShop, Graphic Design, News Team, Introduction to Technology.

Our final goal is to continue to increase parent and community support. We continued working on this goal during the 2008-2009 school year through our Parent Link Phone system, quarterly Progress Report pick-up Nights, Quarterly Awards Ceremonies, and new business partnerships. We also look forward to increasing participation in our parent volunteer program, building a strong PTA, and inviting parents and community members to visit and volunteer at WAMS.
